

Engineered High Energy Crop Programs PROGRAMMATIC ENVIRONMENTAL IMPACT STATEMENT

NEPA PROCESS

The National Environmental Policy Act of 1969 (NEPA) provides a framework to evaluate the impact of major Federal actions on the environment and through the PEIS process, and allows the public the opportunity to provide input on implementation alternatives.

The NEPA process is depicted in the diagram below. The light blue coloring indicates those opportunities for the public to comment on the project.

The PEIS process started with publication of the Notice of Intent in the Federal Register on June 21, 2013. The scoping/public comment period for this PEIS will end on July 22, 2013.
